

# BEAUTY DESIGNED FOR PEACE OF MIND

As a homeowner, you are looking for a durable siding that will not only improve your home’s curb appeal but also enhance its value. LP® SmartSide® Trim & Siding is a uniquely engineered siding that comes with an industry-leading warranty and is made to help keep your home looking great for years.

## What makes our siding so durable & reliable?

All LP SmartSide products are treated to the core through our proprietary SmartGuard® process. With four components of protection, the SmartGuard process adds strength and helps LP SmartSide products withstand impacts, damage from freeze-thaw cycles, high humidity, fungal decay and more.

## Why LP SmartSide siding is the better option

Here are a few reasons why the warranty provided by LP SmartSide Trim & Siding is better than those offered by James Hardie.

## Warranty Comparison: LP SmartSide siding vs. James Hardie® fiber cement

### Broader/Longer Coverage

The LP SmartSide limited warranty provides broader coverage for a longer term than the James Hardie limited warranties.

### Full Cost of Repair for Five Years

The LP SmartSide limited warranty provides a 100% labor and material remedy during the first five years after installation. The James Hardie limited warranty remedies are limited to a return of the original purchase price and do not cover labor.

### Adjusted Value

The terms of the James Hardie limited warranties fail to take inflation and price increases into account when measuring the value of the warranty remedies.

### Geographic Restrictions

LP geographic warranty limitations apply only to certain fiber substrate siding products not generally used in those areas.

### Longer Claim Notification Period

LP allows the owner up to 90 days after discovery to notify LP of a potential claim while the James Hardie warranties require notification by the owner within 30 days.

WARRANTY FEATURE	LP SMARTSIDE TRIM & SIDING	JAMES HARDIE SIDING PRODUCTS
